

Installation

1. Download DI-Star:

Google Drive:

<https://drive.google.com/file/d/1re0eJNQxL6OjQZTlq7jeg-6DyIRUB020/view?usp=sharing>

Or tecent cloud:

<https://share.weiyun.com/ToeySzxN>

2. Unzip distar.zip:

3. Open distar_play/DI-Star Play.exe:

4. Choose your StarCraft II path:

5. Click Activate SC2 4.10.0:

This will open a replay in version 4.10.0. Once the download complete and start watching the replay, please close StarCraft II.

6. Now let's play:

Choose a game mode and which AI you want to play with, then click start!

Tips:

1. Only Nvidia graphics cards above 1060TI can gurantee performance.
2. Replay will be saved here:

3. Hotkeys:

Go to documents folder on your computer and find folder Starcraft II, put your Hotkeys folder under it, then you can change hotkeys in game.
